

Seminar

May 31st 2019 | 10:30 | Aula Magna A. Lepschy

Nicola De Coppi

What I've learned in my first 8 years of work experience

The goal of this session is to share with students some tips and lesson learned during my career.

We will cover the following topics:

- Setting personal goals
- What to expect from the job market and companies
- Where to look for a job
- How to be best prepared for a job interview
- Best way to start and have a successful impact

Short Bio

Nicola is currently working at Salesforce, one of the fastest growing cloud-based enterprise software company (<https://www.salesforce.com>). Before that, Nicola worked for Alpenite, a system integrator with headquarter in Mestre (VE). He was co-leading a Business Unit and he has successfully led teams & projects around Commerce Cloud implementations for a few customers in the fashion & goods Industries. Previously, Nicola founded SmartStay, a US startup in the hospitality industry, and he worked 4 years in Accenture, Milan office.
