T.I.M.E. PROGRAM
Top Industrial Managers for Europe
WHAT’S THE T.I.M.E. PROGRAM?

THE T.I.M.E. NETWORK

It is a network connecting outstanding Engineering Schools and Technical Universities, mostly in Europe but not only in Europe.

THE DOUBLE DEGREE

The T.I.M.E. program allows students to obtain two Master degrees in Engineering (not necessarily in the same area) in two institutions belonging to the network, thanks to bilateral agreements signed between partners of the T.I.M.E. network.
- **Ecoles Centrales in France:**
  Parigi, Nantes, Lyon, Lille, Marseille

- **ETSEIB in Spain**
  Barcelona

- **DTU in Denmark**
  Copenaghen

- **IST in Portugal**
  Lisbon
ELIGIBILITY/SELECTION

Students can apply only if enrolled in a Bachelor/Master degree at the School of Engineering of the University of Padova. The selection procedure is based on the evaluation of the curricula and on an interview.

THE DOUBLE DEGREE

- At the end, the student gets two Master Degrees, one at the University of Padova and the other abroad.
- The overall study period is increased by 1 year: 6 years (summing up Bachelor and Master degrees) instead of 5, for overall 360 ECTS. 2 years must be spent abroad.
FELLOWSHIP TO SUPPORT STUDENTS ABROAD

- **1st YEAR**: supported by the Erasmus+ fellowship (so, there are constraints on the number of non-EU students who can participate in the program).

- **2nd YEAR**: supported by Fondazione CaRiPaRo that is a sponsor of the T.I.M.E program.
T.I.M.E. PROGRAM: REQUIREMENTS

REQUIREMENTS TO BE ELIGIBLE

- **Average weighted grade** (considering both Bachelor and Master degree exams) **not below 25/30**
- **Minimum number of credits** at the time of the application
- **Minimum number of credits** at the beginning of the mobility period.
- Language skills
- Motivations
HOW DOES THE SELECTION PROCEDURE WORK?

- The requirements to be eligible are checked by the University of Padova both at the time of the application and before the mobility period starts.

- The foreign partner will evaluate in turn if the candidate students are sufficiently qualified and motivated.

- A preliminary study plan will be agreed, that meets the requirements of both partner institutions. In Padova the study plan falls under the responsibility of the T.I.M.E. Committee.
THE T.I.M.E. COMMITTEE

- Chair: **Prof. P. Brunello**
- Resp. Information Eng. area: **Prof.ssa M.E. Valcher**
- Resp. Civil Eng. area: **Prof. P. Salandin**
